

Memorial Day 4 page Connect and Color®

©2024 Connect and Color

There are two coloring pages on each sheet for a total of four. Cut them out, jumble them up and start coloring. We like using coloring markers because the color is so vibrant. When you are done coloring take a few minutes to solve the puzzle. Display your finished Connect and Color® for Memorial Day to honor those who have served our country. If you like, share it with us and we will post it to our webpage Gallery for all to see.
